History of the Treatment of Spinal Injuries book by John

Injury of the spinal cord has been known since antiquity. There is no cure for the injury and until modern times patients died rapidly from a combination of pressure sores and urinary tract infection. Treatment consists of preventing complications until the spine has stabilised and the patient can be rehabilitated to an independent life. History of the Treatment of Spinal Injuries explores how this treatment developed in the Ancient World, the Middle Ages, in Europe, Great Britain and
