Ways of Motivating EFL ESL Students in the Classroom

Motivation in the ESL/EFL classroom is easily one of the most important factors as I'm sure most teachers would agree with me. The main reason I'm coming to this point of view is that most of our students have low motivation to learn English. In addition to that, while most of them have a vague sense that whether "English will be useful for my future" or not, they don't have a clear idea of what that means, nor is that a very strong motivator; it's too vague and too far off.

Lile Motivation in the ESL Classroom TESL TEFL

Behavioral problems in the classroom often, or always, seem to be linked to the lack of motivation. Ruth Peters states that, "academic achievement is more a product of appropriate placement of priorities and responsible behavior than it is of intelligence." (Peters) Intelligent students are often outperformed by less bright students with high motivation. If a child is motivated enough he/she can accomplish learning of any scale.
