Teaching the Tradition Catholic Themes in Academic

The Catholic intellectual tradition is broad, and covers a wide array of academic disciplines. From the origin of universities and through their first six hundred years of existence, philosophy and theology were the central disciplines. However, with the establishment of chairs in mathematics and others in chemistry at German universities in the nineteenth century, new academic disciplines started to be acknowledged and, in the following two hundred years, the modern array of academic

Teaching the Tradition (English, Hardback) John J. Piderit, Melanie M. Morey. From the origin of universities through their first six hundred years of existence, philosophy and theology were the central disciplines. That changed dramatically in the nineteenth century. As German universities started to establish chairs in mathematics, chemistry, and philology, new academic departments became more distinct and religious issues formerly addressed gradually receded into the
