The Evolution of Primate Societies Amazon co uk John C

"The Evolution of Primate Societies is certain to become an essential reference in primatology for years to come. It is a state of the art collection of theoretically grounded reviews in primatology--arguably the best such compilation available--and is undoubtedly already required reading for undergraduate and graduate courses alike. Intelligent editorial decisions have yielded a volume that does not conflict with but instead complements its alter ego,

John C Mitani Josep Call Peter M Kappeler Ryne A

Twenty-five years have passed since the publication of Primate Societies (Smuts et al. 1987). In that time primatology has changed a great deal in its theoretical underpinnings, its technical possibilities and methods, the nature and extent of its empirical scope, and sadly, in the status of its subjects in the wild.
