Transnational Policing The Globalization Thesis a

Seeing the growth of transnational policing simply as a functional solution to transnational organized crime and terrorism is flawed on two grounds. First, neither organized crime nor terrorism was ever constrained by national boundaries. The prohibition of alcohol in 1920s USA, for example, was very much a transnational matter with the authorities contending with smuggling from Canada, Mexico, Europe and the Caribbean. Human trafficking known then as the white slave trade and

From warriors to police The civilianisation of security

The core of the concept of security, although recently broadened to non-traditional issue areas (as in the other articles in this issue), remains one of protecting people from the use of violent force, providing physical protection and public order, both internally and externally.
